 Three Strike Pot tickets are drawn each night. The bowler with the ticket drawn has a chance to win 1/3 of the strike pot. The bowler must roll a strike for 1/2 of the strike shot amount. If a strike is bowled, the bowler can choose to keep that amount or bowl for another strike for the 2nd half. If the first attempt is not a strike, the bowler gets \$1 for the # of pins knocked down. Any money not won will be added to the following week's Strike Pot.
